## WebLink INFO Module nice to have

Posted by Vincent - 2008/08/04 16:19

---

Hello

WebLink INFO Module is a nice tool.  
you have random, top and newest view of your links.  
what i would like to have is the lowest Click view

sincerely  
vincent

Please try this.

[http://www.joomla.net/images/fbfiles/files/mod\\_weblinkinfo\\_1.zip](http://www.joomla.net/images/fbfiles/files/mod_weblinkinfo_1.zip)  
added Ascending order of hits to Display type  
added Old WebLink to Display type

Thanks.

PERFECT!

thank you very much or domo Arigato!  
works perfect like i wished it!

IT is 1.0.1?

sincerely
